TEST SPECIFICATION

1.0 Introduction

This section provides an overview of the entire test document. This document describes both the test plan and the test procedure.

1.1 Goals and objectives

Overall goals and objectives of the test process are described.

1.2 Statement of scope

A description of the scope of software testing is developed. Functionality/features/behavior to be tested is noted. In addition any functionality/features/behavior that is not to be tested is also noted.

2.0 Test Plan

This section describes the overall testing strategy and the project management issues that are required to properly execute effective tests.

2.1 Software to be tested

The software to be tested is identified by name. Exclusions are noted explicitly.

2.3 Testing tools and environment

A description of the test environment, including tools, simulators, specialized hardware, test files, and other resources is presented here.

2.4 Test schedule

A detailed schedule for testing is described.

3.0 Test Cases

This section enumerates a complete list of test cases for the software. A template for test cases is as follows.

ID	
Test Input	
Expected Output	
Description
